# Welcome!

If we haven't met before, I'm Corrie, the founder of Taylor Made BKS, and I'm so excited that you're here!

Today I'm breaking down the **pros & cons** of the most popular bookkeeping software to help you determine which is the best fit for your business!

Do you need to send invoices or accept payments through your bookkeeping provider? Want to run payroll or track inventory? Could a simple spreadsheet do the trick? You're in the right place, keep reading for answers!

## BOOKKEEPING SOFTWARE SHOWDOWN

# Quickbooks Online

### PROS

- Cloud-based accounting software with strong financial reporting capabilities
- Expense tracking included in each subscription
- Integrates with over 750 apps
- Ability to invoice and accept payments
- Connects to bank accounts

### CONS

- Additional costs to add on features like time tracking
- Extra users capped at 25
- Abundance of features makes the learning curve steeper
- Quickbooks Self-employed capabilities are very limited
- More expensive entry-level pricing

## BOOKKEEPING SOFTWARE SHOWDOWN

## BOOKKEEPING SOFTWARE SHOWDOWN

# Wave Accounting

### PROS

- Free base plans
- Unlimited, customizable invoices
- Unlimited income and expense tracking
- Connects to bank accounts
- Can accept payments with paid plan
- Automatic overdue payment reminders on free plan

### CONS

- Best suited for small, service-based businesses
- No integrations with third-party applications
- Less reporting capabilities than other paid software
- Lacks an audit trail function
- Limited customer service through chatbot and help center

## BOOKKEEPING SOFTWARE SHOWDOWN

# Spreadsheet

### PROS

- FREE!
- Great option to track a few categories of income and expenses
- Can purchase a spreadsheet template designed for your industry/needs
- Can choose to use your preferred spreadsheet software

### CONS

- Most (if not all) data entry is manual
- Lacks strong financial reporting capabilities without a more complex spreadsheet
- Easier to make an error with manual data entry
- Audit trail can be more difficult to track
